PULIZIA E MANUTENZIONE

* Le scaffalature INFIX SYSTEM® devono essere pulite accuratamente prima del loro utilizzo.

* Pulire le parti in metallo con un panno umido, acqua calda e un detergente neutro. Risciacquare poi con acqua pulita e asciugare.

* Per pulire a fondo, togliere i ripiani dallo scaffale: Per i modelli Standard e Plus si può eventualmente utilizzare un martello in gomma per togliere i ripiani.

Attenzione al corretto posizionamento dei ripiani dopo lo smontaggio. Il peso dei ripiani in acciaio varia in questo caso in funzione della dimensione, da un minimo di 2 kg ad un massimo di 13 kg. Per i modelli Eco-Inox e Eco-Color i ripiani in polipropilene possono essere lavati in lavastoviglie.

* L'igiene deve essere garantita da costante manutenzione, al fine di prevenire eventuali contaminazioni dei prodotti alimentari oggetto dello stoccaggio. Le procedure di pulizia e disinfezione devono pertanto essere ripetute regolarmente.

* INFIX SYSTEM® shelvings must be cleaned thoroughly prior to use.

* Clean all metal parts with a wet tissue, warm water and a neutral detergent. Rinse with clean water and wipe.

* Remove the shelves to thoroughly clean:
Standard e Plus shelves can be removed eventually by using a rubber hammer.

Please make sure the shelves are in the right position after re-assembly. The shelf's weight changes with dimension, from a minimum of 2 kg to a maximum of 13 kg. Eco-Inox and Eco-Color polypropylene panels can be washed in a dishwasher.

* Hygiene status must be guaranteed by continuous maintenance in order to avoid any contamination of stored foodstuff. Therefore cleaning and disinfection procedures must be repeated on a regular basis.

FR NETTOYAGE, ENTRETIEN ET MAINTENANCE

* Les étagères INFIX SYSTEM® doivent être soigneusement nettoyés et désinfectés avant l'utilisation.

* Nettoyer les pièces en métal avec un chiffon synthétique, humidifié dans l'eau chaude avec un produit neutre de nettoyage. Rincer ensuite à l'eau propre et essuyer avec un chiffon synthétique.

* Pour nettoyer parfaitement il faut retirer les plateaux:

Pour les modèles Standard et Plus, on peut retirer les plateaux en acier inox éventuellement avec un maillet en caoutchouc. Veuillez au positionnement correct des plateaux après remontage. Le poids du plateau varie selon la longueur de 2 kg minimum à 13 kg maximum. Pour les modèles Eco-Inox et Eco-Color on peut passer les clayettes en polypropylène au lave-vaiselle.

* Les systèmes de rayonnages INFIX SYSTEM® doivent être conservés en bon état de propreté et être bien entretenus pour ne pas être une source de contamination pour les denrées alimentaires. Pour cette raison, les opérations de nettoyage et de désinfection doivent être répétées régulièrement.

DE REINIGUNG, PFLEGE UND WARTUNG

* INFIX SYSTEM® Regale müssen vor der Verwendung gereinigt werden.

* Alle Metallteile mit einem angefeuchtetem Tuch, Warmwasser und Seife reinigen. Mit Wasser abspülen und trocknen.

* Um gründlich zu reinigen, die Fachböden abnehmen: Standard und Plus Fachböden können eventuell mit einem Gummihammer abgenommen werden. Bitte aufpassen, daß die Böden wieder in die korrekte Position gebracht werden. Das Gewicht vom Fachboden ändert sich mit der Länge, von 2 kg bis Maximal 13 kg. Eco-Inox and Eco-Color Polypropylen Auflagen können in einer Geschirrspülmaschine gewaschen werden.

* Hygiene muss mit immerwährender Pflege garantiert werden, um eventuelle Kontaminationen der gelagerten Lebensmittel zu vermeiden. Deswegen müssen Reinigungsoperationen regelmäßig wiederholt werden.
